Urban Growers Workshop Series

Permaculture: what goes around, comes around

Saturday April 9 • 10am @ Rio Grande Community Farm

Permaculture is an approach to designing human settlements and agricultural systems that are modeled on the relationships found in natural ecologies. The approach aims to create stable, productive systems that provide for human needs, harmoniously integrating the land with its inhabitants.

Join us for a workshop exploring the basic principles of permaculture and how to apply these concepts in your own life.

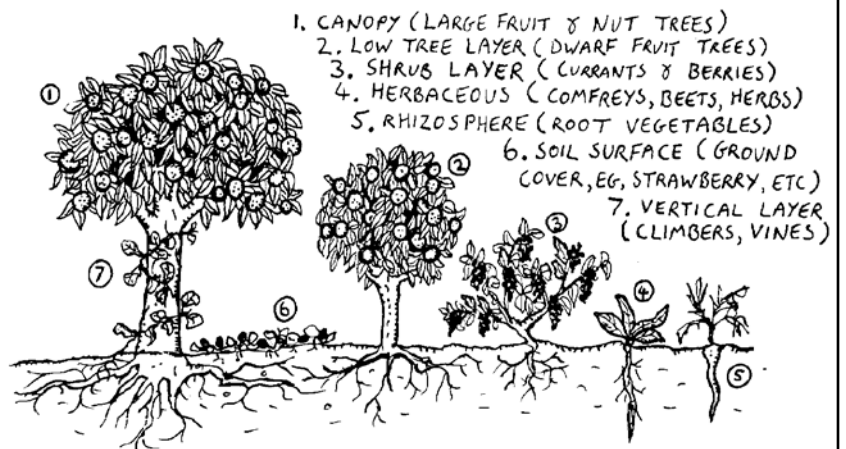

Please Join Us!

Admission is FREE to members of Rio Grande Community Farm, Gardener's Guild and Harwood Art Center.
